## Canterbury

Government ministers have asked councils to develop proposals to create unitary councils through a process known as local government reorganisation (LGR). Under the current system Kent County Council (KCC) delivers some services such as education, social services and roads. Canterbury City Council delivers others like emptying your bins and providing housing services.

Under the proposed system, a unitary council will deliver all these council services in your area.

This area does not currently have a parish or town council. If no parish or town council is created, it will be served by the new larger council which will be responsible for putting put local governance arrangements in place, with powers decided by the new council.

Other parts of the area already have parish councils and they will be served by both the new larger council and their parish council. Parish and town councils provide some services for their communities and are run by councillors. Parish and town councils fund the services they provide by adding an extra charge to Council Tax bills known as a precept.

1. **Do you think that Canterbury should have a new parish or town council created? There will be further consultations about this before any final decisions are made.**

Yes       No       Not sure

2. **Please give reasons for your view. If you think there should be a new parish or town council, please also tell us where you think the boundaries of the new council area should be.**

3. **If you have any other comments about this area or would like alternative arrangements considered such as an area forum, residents' association, support from the Canterbury Business Improvement District or coastal business groups, please tell us here.**
